

TESTIMONIALS

*Check out some of these genuine feelings
from our Adrenaline members*

- **What do you feel about your athlete's training here at Adrenaline?**

"Adrenaline has really helped my son, Niko, step up his game. He's a lot quicker and stronger than most point guards his age."

--- Rita Walter, Highland, Parent of San Bernardino Aquinas H.S. senior, Niko Walter

- **How did you feel after you re-tested for your performance analysis?**

Malcolm Gordon trains with Leonard on the treadmill

"I was surprised...happy and surprised. I didn't think I could improve that much in such a short time. The trainers do a good job here. I like it here. I'm going to stay for a long while."

--- Malcolm Gordon, Canyon Springs H. S.

- **Why did you choose to have your athletes train at Adrenaline?**

"We found out about Adrenaline from a friend. We came in and liked it so much, we signed up. I liked the atmosphere at Adrenaline. The trainers take the time to work with kids to get them to the next level. I definitely see my son progressing. Steffan has already seen his 40-yard time drop from a 5.2 to a 4.9. He's always had the speed, but not the technique. They see it as a step ahead of the others. They really enjoy it."

--- Stafford Kirkland, East Highland, Parent of Redlands East Valley H. S. athletes, Steffan & Steffen Kirkland

Athletes from all over the Inland Empire are coming to Adrenaline Athletic Training to train like a pro. We have training athletes from Temecula to Apple Valley, from Norco to Yucaipa, and cities in between.
